Subject: marijuana land use

Dear Mr. Babineau:

I missed the meeting, I thought it was tonight. Please enter this in the Public Record:

I am AGAINST this issue. I do not want any marijuana sold or grown in Lewis County. I have my values and I have a voice into who represents me.

I do not think it is valid that people from outside this county come here make the money and NOT live with the mess and problems that come with this drug.

It is my understanding that our county government is not superseded by this marijuana measure. In this county we have stated our vote---please do NOT throw us away by fear, stand up for what WE voted for!! Do not betray the voters who put you in office. Lewis County not Washington State voted against this pot measure. Want POT go to a county who voted for the measure simple as that. Don't let the dollar sign cancel my vote.

Sincerely,

Judy L. Chrisman
